

Certificate of Compliance

Dear Customers,

we confirm that our products and processes are fulfilling the following regulations:

- RoHS 2011/65/EU
- REACh and SVHC
- Dodd-Frank Act

We can't influence on customers and suppliers but as soon as we notice disagreements to this regulations we will check the relations to our suppliers and stop the supplychain as long as it is necessary. Under observation of all specified regulations we confirm that all finished products are in compliance with the mentioned directives. Also we confirm that our processes are made to the best of knowledge in the background of national and international regulations and directives.

All processes are certified according to DIN ISO 9001:2015. In regular one-year-intervals we check our processes in internal and external audits.

Please don't hesitate to ask for everything you need to know about our processes and products.
